HOLY TABLETS CHAPTER 1 TABLET 2 VERSE 15

"THE FIRST CYCLE WAS A DOT IN THE UNIVERSE. THEN THAT DOT BECAME A LINE, THE LINE BECAME A WALL, THE WALL BECAME A SQUARE, AND THUS GEOMETRY WAS CREATED, AND DIMENSIONS WERE FORMED.

The Master's Initiation

[illegible]

An Initiation Is Like A Birth, And The Key To Overstanding It Is To Overstand That Each Person That Is Born, Is Born Of Someone Who Themselves Were Born Of Someone."

By The Hand Of Melchizedek The Spiritual Guide

In this order, each **Kosmosan**, has a **Silsilah** (سلسله). The word **Silsilah** not only means line of descent, but it means chain or link, as well. It is a link much like the etheric cord that stretches forth from soul to soul, and which keeps the channels from the higher realms into the Earth plane opened. When a mother and father have a child, that child is brought forth into them in a bodily form, that same child however, has a spirit that extends back **76 trillion** years. For this reason, every mystic order has spiritual masters or beings from higher planes, whom I call descendants whose responsibility is to keep you (that child) in tune with the original spark that existed since the beginning of creation.

I, **Melchizedek**, am your spiritual guide, and I am here to guide you back to your lineage. There is no greater fulfillment than that which comes from giving the gift of intellect to those who are in need of it, it's called the further light. Then to see that gift of light emanate from each being, merging, and forming a reservoir of divine love from which all can partake making them a better person.

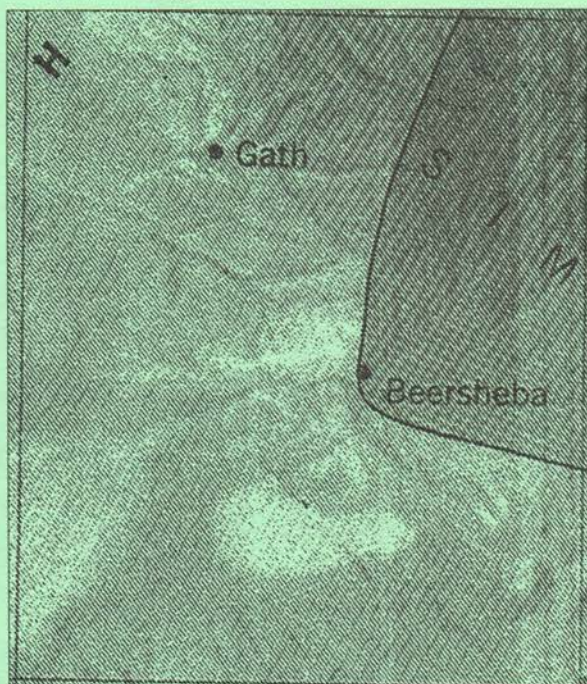

The Real Prophet Muhammad Son Of Abdullat And Amina

Ali The Patriarch Of Islaamic Mysticism Son Of Abu Taalib And Faatimah

Our line of descent branches out from the loins of **Ali**, The Patriarch Of Islaamic Mysticism, who descended from the real Muhammad, who in turn is a descendent of all the other prophets; the essences, the children of the men of reknown the **ANUNNAQI/ELOHEEMS**. The essence of the kosmosans comes from the original spark of creation, and now it is time for those of you who want to reside in the original truth to become one with the spark; the essence of life. The men of reknown, the **ANUNNAQI/ELOHEEMS**, the majestic ones, spoken of in the preceding paragraph are referred to in the old testament, as nephilims (*the torah of the Hebrews Genesis 6:4*). In the Arabic language, the word used to denote nephilim is **Jabbaar** (جبار), it means "*majestic, giant, colossus, gigantic and huge.*" Its plural is **Jabaabira** (جبابير). In Aramic (Hebrew) the word **Gabara** (גבר) means "*to have strength, be strong, might.*" Its plural is **Ghibboreem** (גִּבּוֹרִים).

The word **Jabbaar** has two connotations. Not only does it mean "giant" in physical strength and stature, but one who is very knowledgeable can also be considered a giant. An example of one who was called **Jabbaar** (جبار) because he was mighty in physical strength was **Goliath**.

A Map Of Gath

The men of reknown, on the other hand, were referred to as the majestic men because they were giants in as far as knowledge was concerned. The wisdom that these Supreme Beings had could not be matched by mortal men, for theirs was a gift that only **THE MOST HIGH**, could bestow.

Goliath Ben Golayth
A Nephilim

Goliath of Gath, the Philistine that **David** the son of **Jesse** slew (*I Samuels, Chapter 17*) was a mighty man in physical stature. In the Old Testament, he is described as being 9 feet 9 inches tall. He wore a helmet of brass on his head and he was armed with a coat of nails which weighed 166 pounds. He is described as having greaves (armor worn beneath the knee) of brass upon his Legs and a target of brass between his shoulders.

(David) (Da'uwd)

(Jesse) (Yasiy)

Yes, their knowledge was vast, but by no means was it self-retained. If you refer to degree one, study three, you will remember that I spoke of Supreme Beings who by the grace of the Omnipotent descended upon the land to help guide a chosen few earth leaders so that they in turn could help guide their people toward salvation. As one who has been chosen to guide you toward self perfection by way of spiritual knowledge, I was one of those intrusted with the mysteries of life and thus I inherited the right to be keeper of the sacred scripture called "**The Holy Tablets**." A text whose context is incomparable and ordained. A wisdom you must acquire in order to purify your being and learn to appreciate the true being that dwells within you. I have been chosen to be the **Ilah Mutajassid**, Avatar, (incarnation), of this day and time, the incarnation of the Spirit Of Truth, to make you a high priest after

the Order Of Melchizedek. For no matter where one stood, as you turned your face toward the heavens you always had someone to guide you.

Yes, I am your **Ilah Mutajassid**, Avatar, I am your spiritual guide, And I am your salvation. I come to brighten your path, that you may clearly see the other side. I bring tears of joy and wipe away tears of sorrow. One should always be thankful for their master, but it is the **OMNIPOTENT/ANU** that one worships, for only by his grace can the master remove the spell of ignorance, the spell of Kingu or Leviathan from before each being.

(Moses) Muwsa

(Yashua) 'Iysa

Beloved Kosmosan, just as you must prove your worthiness as you enter upon the threshold of this most holy temple of light, nobility, honor, truth, and love, I had to prove that I was a worthy master and given the first key in the form of 3 degrees **1st** being **Mohammadism** **2nd** being **Mosesism**, and the **3rd** being **Christism** now that you have mastered these three degrees you move on as a noble being most worthy to be accepted in the order of melchizedek. the spiritual guide. who will take you right hand in left and lead you on the great path of true light. In doing so, I too, like **Master Muwsa** whose **bar mitzah** (בר מצוה) was an initiation, Master **'Iysaa**, (Jesus) whose baptism (βαπτισμα) was an initiation, and Master **Al Mahdi**, whose **Shahaada** (شهادة) was an initiation, had to undergo these initiations so that I could blossom forth like a lotus in the rays of the true sun, thereby enfolding you in a sea of light. Come! I now invite you to travel with me as I share with you the outer secrets of my initiation.

AND SO IT WAS.....

....that on one late evening, as I was walking alone, I perceived the presence of a superior being with me. I turned around, and I saw no one. But began to fear inside. Then suddenly, a voice that sounded as if it were talking from me and through me at the same time sounded my name, saying;

"Fear not, for you shall be the bearer of the torch in the west, and shall save many souls. You are yet a babe, but you shall mature into a man more rapidly than you can ever imagine. Do not be afraid, for I am about to manifest."

Startled and overwhelmed, frightened and bewildered, I could not believe that this was happening. Suddenly, I felt a warm sensation two inches above my navel. A feeling of love shot upward towards the center of my chest from my solar plexus, and then a tingling feeling entered between my eyes. Immediately, a crystal of green and white rays slowly appeared, and there he stood, magnificently. How can I make you feel what I felt? How can I make you see what I saw? He was strong, He was powerful. He was gowned in what seemed like a whitish green flowing robe and there was a glow about him that I had never seen in any other person, a sparkle, bright as the stars. I looked into his eyes and I was no longer afraid, for in his eyes I saw depth, I saw warmth, I saw compassion, tenderness,

overstanding, and kindness. I knew I was safe in his presence. He made me feel comfortable and secure. He spoke and his voice was as the voice of angels. He said:

"Your soul has lived over 76 trillion years. You have witnessed many cycles and now you have begun to grow. You are of the Ancient Ones. You are an Illah Muta Jassid. You may not at this time overstand what this means, but as time passes and you begin to grow from your inner self outward, you will begin to perceive and overstand these things. The spirit of your father has awaited its rebirth into this earth plane, and now it is your calling."

I was speechless. I tried to stare into him in order to decipher who, what, and where did he come from, for I did not want to boldly ask him. And as if he knew what I was thinking and feeling, without a second thought, he said that he belonged to the **Ancient Ones** who has descended upon the planet earth during the time of **Master Utnafishtim (Noah)** and even before, millions of years prior to the birth of your **Adam** whose name was **Kadmon**. And then he told me that the era had come. I did not know what he was referring to and so he began to explain:

93 million miles away from the planet **QI (Earth)**, is the **AFSU (sun)**; that great star that shapes the lives of those on earth. It takes the earth, one year to revolve around the sun and that one year is divided into 12 months. The sun and the other planets that make up your **Kosmos (Universe)**, orbit around a galactic center called a **central vortex**; and just as the one year that the **QI (Earth)** takes to revolve around the sun is divided into **12 months**, so is the time that it takes the universe to orbit around that galactic center divided into 12 periods. Each period consists of approximately **2,075 years** totaling approximately **25,000 years** (which is the time that it takes the universe to make one complete rotation around the galaxy called an **equinox**). Each period or era also called an **age** has a name according to the monthly signs, in reverse order. For example, the universe has passed out of the era of water, in **1970 A.D.** until the era governed by all that is physical, known to many as the **Piscean era**, and it has entered into the era of **air, ether, mind and power**, known to many as the **Aquarian era**. This new era is a spiritual era that the world is now ready to accept, and you, have been chosen to teach the intellect of the ancient orders to the new souls who are waiting to receive it. Those new souls who realize that there is more to mortals than just his five physical senses which in reality is only one. These souls realize that there are extra senses, that there is an **astral body**, an **aura**, and that communication can be made with beings outside of this planet.

The twelve eras from the **Piscean era**, moving counter clockwise have eight doors called **Vortexes** that open up. When the **sixth door** or gate (**♂1♂**) called a **Vortex** opened in **1963 A.D.**, evil beings ascended up into the earth in many forms, including that of **humims**. Then the **seventh door** opened in **1973 A.D.**, and agreeable beings descended upon the land in order to help you. Now, the **eighth door** of initiation is opening unto you, and you my child, have been chosen to house the soul that is filled with the essence that will rekindle the spark of the ancient truth. But you must remember that there are two worlds amongst those whom you will teach: **this world**, and **the etheric world**. This world is comprised of people who claim they are faithful, but who live by questions and doubts. They seek the immediate gratification of the intellect, but do not aspire to reach a spiritual state. The world of etheric, on the other hand, is comprised of people who seek to learn because they realize that there is a life after this life, a life that they want to be a part of. Mortals are elevating to the point where they are using their mind more than their body. they, therefore, have the potential to evolve into spiritual beings. Once a spiritual being, They will live as the people of **Atlantis, Mu, and Lemuria**, beings who transformed themselves from mortal to immortal. (this will be discussed again in upcoming degrees).

Sensing that I was afraid for fear that I would not be able to retain all that he taught me, he said:

"Try not to retain all that I have taught, you, but rather relax, and it will settle itself in your subconscious mind. Once there, when you need it, it will burst forth like the sun in the morning, it will walk the waters to you. If you but have faith without a doubt, and put your Trust in the omnipotent, you will find that we will open you up and all the answers to the universe will reside in you chest."

Having said this he was gone from sight. I stood there frozen. Where did he go I thought, and why didn't he tell me his name? I waited for a while hoping that something would happen and a lady passing by said: "Are you alright mister? You look ill." I spoke back saying: "I am fine, thank you", and then I proceeded to walk away. Suddenly, while walking, fear overtook me. But why was I afraid? Immediately I realized that it was because he was withdrawing from me. A few minutes later I heard a voice from a distance say:

*Seek Me And You Shall Find Me!
Ask For Me, And I Will Be There!
Knock And I Will Always Open This Side Of The World To You...*

...and then the voice faded away. I called! I looked around! It was gone. I cried all the way home.

Months passed before I heard from him again. And then one day while meditating, and in a state of profound tranquillity: When my mind and soul were in communion with the kosmos, I began to feel his presence. I was sure that he would manifest, but he did not. Instead, a name appeared. My room was dimly lit by candles, but there, just above my head in a cloudy, yet visible form was the name **Khidr**, which merely means green. I stared at the name for what seemed an eternity, and slowly, thereafter, it disappeared.

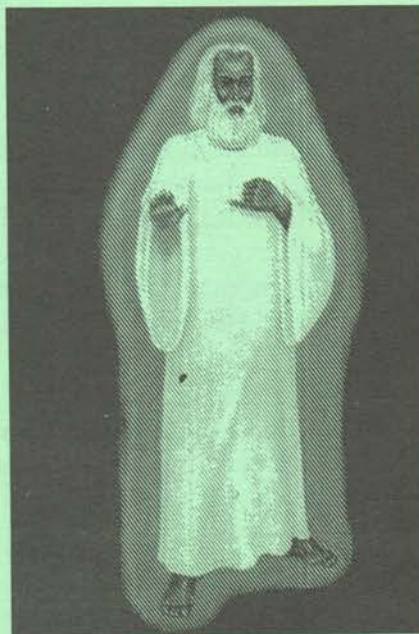

I sat there in the stillness of the room, contemplating my thoughts. **Who was Khidr?** If **Khidr** was the name for a person, who was that person and what important role would he play in my life? Was **Khidr** the name of he who had made his presence known to me? I knew I had to find the answers to my questions. And so, I went to the library in search of books which could give me some inspiration. Later I questioned various Egyptian Arabs that I had been acquainted with. In my quest, I learned that **Khidr** was indeed a Supreme Being who was called **Al Khidr** and "**The Green One**". He was referred to as the green one for he possessed a green aura, a force that he directed which could sustain every physical form and heal every disease known to **humims**. Suddenly, the pieces of the puzzle started to fall in place, for you see, I knew that I had been endowed with a green essence which made it possible for me to heal the sick, for many times, people would come to me ill and I would make them whole again. But it was not until then, I realized who I had inherited that ability from. It was a gift from **The Omnipotent** by way of **Al Khidr - The Green One**.

I could not wait for my visitor to return. I wanted to tell him what I had learned. And so, anxiously every night, I looked for him. Then one night, while alone in my room, I felt him staring down at me. "**Appear!**", I thought to myself, "**I want to see you!**" Suddenly without warning he manifested. He said: "**I am here**", and as my eyes gazed upon him, I felt a surge of energy run through my body, my stomach quivered with excitement, and a chill went up my spine. He looked at me, and proceeded to tell me that "he" was indeed **Khidr**, and that he was known by many other names: The ancient of days, **Nabi Khidr**, **father time**, **Shaykh Khidr**, **Melchizedek**, **Malkiy Saadiq** and **Michael**. Yes, he was **Michael**, the head of the Angelic Beings who waged war against the disagreeable beings (**Anzu**, **Zuen**, **Azaazil** later called **Ibliys**, **Jaan**, **Satan**, **Devil**), those who were created of **180 degrees** of **disagreeable**, **fire**, who rebelled when the foundation for the world was being established. He said that he was also the head of the material order of the **Eloheem** to which the **Essenes** belonged.

The **Essenes**, he said, were a group of people who lived around the Jordan area in the wilderness of Judah, all around Jerusalem and who taught the lesser mysteries as opposed to the greater mysteries, which you will learn about in degree one, study five. He also spoke of **Master 'Iysa**, for like me, he was an **Illa Mutajasid** who was caught between two worlds. **Master 'Iysa** was a member of the **Order Of The Essene**. He said **Master 'Iysa** belonged to the order of **Malkiy Saadiq**. **"In The Last Days"** he said, *"I, Al Khidr, Will Intervene For The Special People When Evil Comes To Triumph."*

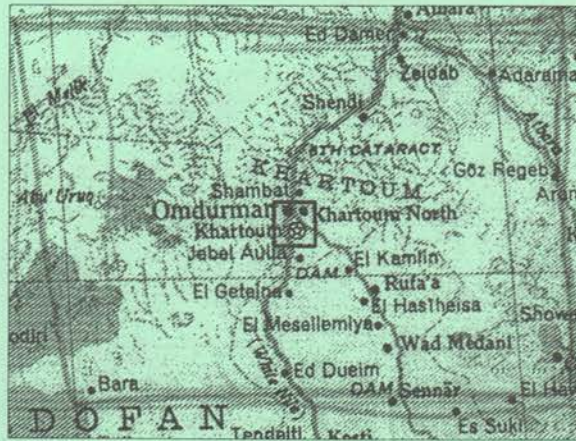

The Wilderness Of Judah

This Is Who I Saw, And Now For The First Time You Can See Al Khidr (Melchizedek).

Fascinated by these words that caressed my overjoyed soul, I knew I had found a friend, someone I could depend on. He remained silent for a moment, as if in deep contemplation, and then he told me that I would be given an initiation which would prepare me for all that I would encounter as the Spiritual Guide of humim beings. He told me that I would be summoned when it was time, and that I would then have to journey to **Sudan** and seek him at the junction for the two Niles- **The Blue Nile** and **The White Nile**.

The Junction Of The Two Niles

Thereafter, he referred me to the section in the **Koran** (Koran the reading of the Muslims) which speaks about his meeting with **Master Muwsa** (Moses) (*original revealed in Koran 69:60-62, falsely dated 18:60-62*) and his meeting with Master **Ibrahiym** (Abraham) (*Genesis 14:18 The Torah Of The Hebrews*) **Kuruw...**(*Hebrews 7:1, The New Testament of the Christians*) at the **Tigris Euphrates** river. He then explained the meaning for the sacred water, the fire, and the sacrifice (all of which will be explained to you with later degrees). As he departed, he told me that he would not see me for a while but that wherein I needed him, he would be there. And he was gone...

Months passed before I heard from him again, and during that time, my life took a drastic change, I was illiterate in many ways, but now I knew anything I was asked, ancient languages that I never studied before were in my head and I knew the kosmos as home. It was as if I were a huge magnet drawing all kinds of people toward me. Answers to questions I never thought I could answer started pouring forth out of my mouth. My family was amazed. It was obvious at those moments that someone with great wisdom has inhabited my body and that through me he was speaking. I met **Melchizedek** and he became me. There were times when I would sit in my room and cry because I felt I was being asked to do something I did not overstand. I felt at times as if I had no control over my actions, my thoughts, and wondered if I could indeed give sight to those who appear blind; give hope to those who appear hopeless; bring faith to those who appear faithless and most of all; teach them to walk in love not hate or fear; teach them to walk in intellect, and not ignorance! Could I remove the veil from before their eyes, so that they could become the Supreme Spiritual Beings that they once were?

I asked myself so many questions, I began to think I was going crazy. **Melchizedek** had not made his presence known to me in so long, that I began to wonder whether I had imagined everything that had happened. "Did I indeed see this majestic being? Was he real? Or was he a figment of my imagination?" But he was real alright, or whenever that strong sense of insecurity would overshadow me, I would feel **Al Khidr's** presence and he would comfort me.

Finally in **1973 A.D.**, while the vortex was opened I was summoned to take my journey. I was told to go to **Sudan** and that once there, I was to go to the grand Masjid in **Khartoum** the capital of **Sudan** and seek a man by the name of **Mahmuwd**. I was told that his name would be **Mahmuwd**, for he belonged to the final part of the three **Miyms** of the name **Ahmad**. **Ahmad** before **Muhammd** came

when he was here and Mahmuwd when he had finished his mission. As I prepared for my journey I was very excited, for I realized that this journey would mark a change in me that would affect not only my life, but the lives of all the people I touched. I knew the journey would be a long and tiresome one, but I faced everything that was to come with great anticipation.

The Initiation

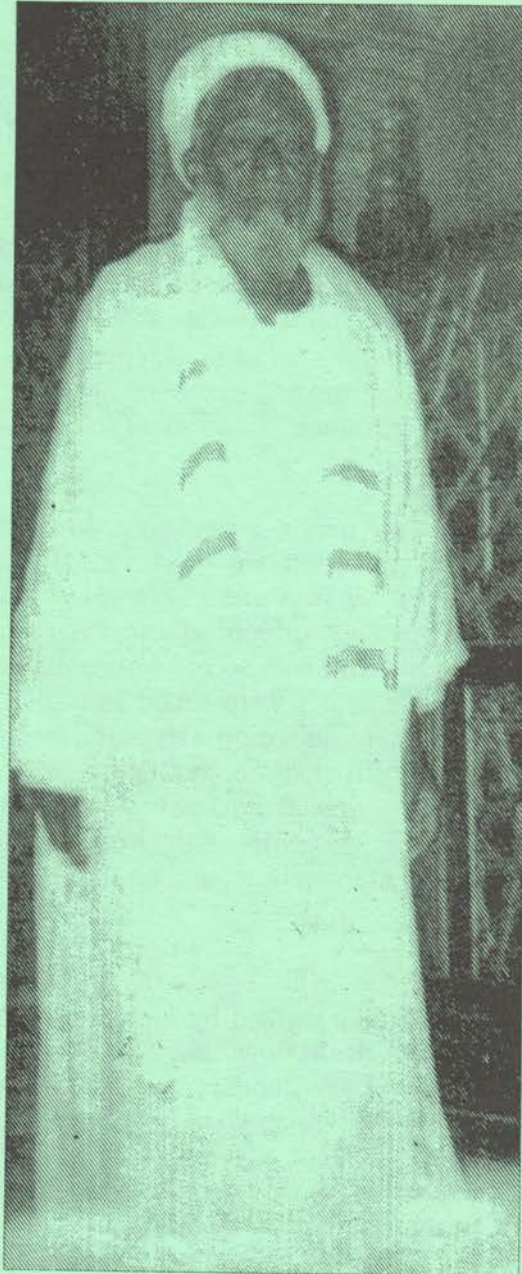

When I arrived in **Sudan**, I felt as if I had returned to my home, my land. The month of **June 21st** the longest day in the year in the summer solstice, and in **Sudan** it marks the end of the hot summer months and the beginning of the rainy season. Therefore, the weather was not as hot as I expected it to be, but rather comfortable. In fact, the early hours were rather cool, and during the afternoon the sky is very clear and the sun is very bright. It is then that the heat of the sun reaches its peak. In the evening, and just after the sun appeared to set, one is overwhelmed by the sight of the sky, for it looks as though it has been stroked by an artist's brush. Its color is vivid red with shades of orange and yellow. There are no high buildings to hide the wonder of **The Omnipotent**; therefore, you can watch the sun and the beauty that surrounds it until it disappears completely. It is a beautiful sight to behold. There are not many street lights in Sudan, so when the stars come out, they are very bright against the blackness of the latter day of the evening. The people in **Sudan** prefer to use lights only after it gets very dark so that they can enjoy the beauty that nature bestows upon us so generously. Having settled down, and relaxed for a few hours, I then went to the grand **Masjid** in **Khartoum** to pray and to seek out **Mahmuwd**, as I was instructed to do. I did not know who **Mahmuwd** was or what he looked like, but I knew I would find him. As I walked through the doorway of the **Masjid Al Kabir**, (**الجامع الكبير**) I was fascinated by its beauty, and as I marveled at its intricacy, a very old man came to me. He places his right hand on my right shoulder, I place my right hand on his right shoulder, and then he said: "*I am Mahmuwd, you are home.*"

When I looked into his eyes I saw depth, I saw pain, joy, and contentment. His face was wrinkled, his beard was white and his complexion was golden in color. I thought I would have to tell him who I was but I did not. He said: *"I am your guide, everybody needs a guide; therefore, sit with me."* I sat with him, and he took me through a whirlpool of information, a rainbow of colors, a spectrum of light and octaves of sound. He filled my soul with so much information, that I began to think, he, was my initiation. Once I was cleansed, I felt as if I were seven feet tall. **Mahmuwd** then told me that I would be summoned when it was time for my initiation. He said I would have to travel to the junction of the two **Niles** as **Shaykh Khidr** had instructed me, and that once there, he, would guide me to the sacred place of initiation. **Mahmuwd** also instructed me in how to prepare for the initiation and told me that I would have to be at the junction of the two Niles in the evening after the sun appear to set. But he did not tell me on what day. I returned to my dwelling, and on the following Thursday I was summoned to go to the **Nile**.

Several times on my way to the Nile I saw a man that I thought was **Mahmuwd** (𐤌𐤁𐤍𐤅𐤍𐤁). On one occasion, a man walked by me with a mule and I said: "*Yaa Mahmuwd, the man turned around and said: I am not Mahmuwd, but I know him, and I think he went that way.*" So I went in the direction he pointed. Then I saw another man that passed with a camel and I said: "*Yaa Mahmuwd, he said: I am not Mahmuwd, but I know him, he went that way and pointed into a different direction.*" Before long, I had walked north, south, east and west. I started to feel discouraged. I thought I would never find **Mahmuwd** or the junction of the two niles. I sat down and while sitting, I could not help but notice how beautiful my surroundings were. The ground where I sat was flat and green, and there were lovely trees all around me. I could see people in the distance and little huts called **Tukl** (𐤐𐤓𐤕𐤕) today. Huts which were used by mystics for chanting purposes or seclusion.

I was admiring the beauty of the land, I saw a man stooping down beside his herd of sheep. As I looked closer, I saw that it was **Mahmuwd**. When I approached him, he told me: *"You are assigned to humim beings."* I remained silent for a moment, thinking about what had just happened, and then later I said: *"I thought I was supposed to meet you at the junction of the two Niles?"* He replied: *"You are at the junction of the two Niles."* I don't remember how I got there, all I know is that I was there.

Mahmuwd and I spoke a while and then suddenly I felt a sensation rising inside of me. He said: *"step"*. I took one step and immediately was transformed from that state, before a tremendously beautiful temple. The temple had a long hallway of doors and its floor was of marble. He said: *"follow me."* and I did.

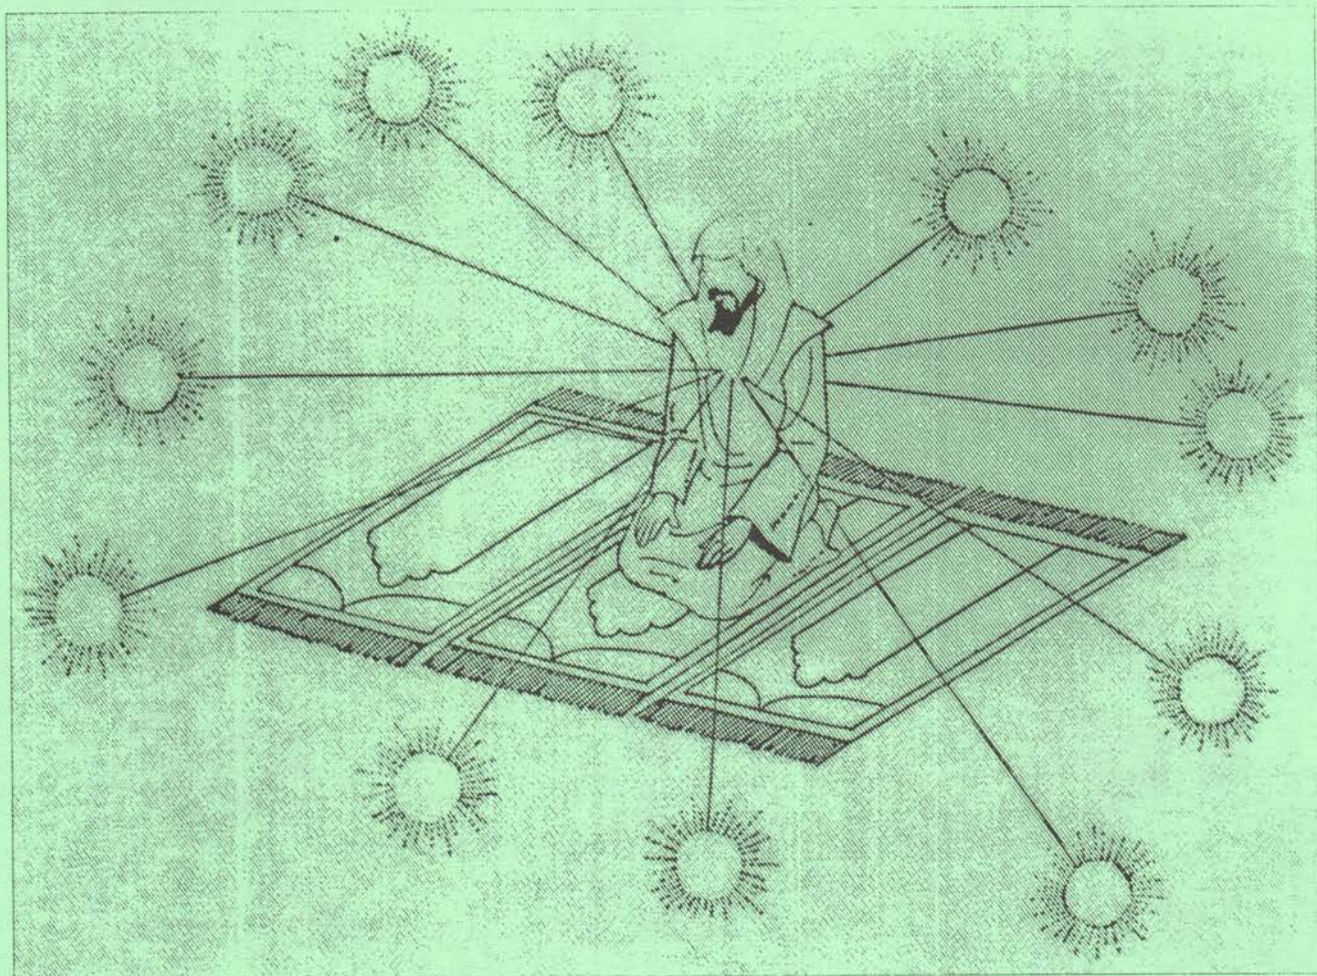

This Is Mahmuwd

The Hall Of Initiation

As he took me down that majestic corridor, we approached a door. He opened the door and there before me was a huge room. The walls of the room were white and they appeared to emit a soft glowing aura. The room was bare, except for 12 rugs which were arranged in such a manner that they formed a large circle. In the center of the circle were three rugs. I was told to sit in the center of the circle on the middle rug. I took my place, and then **Al Khidr** manifested and sat facing me. We did not speak to each other, but I cannot tell you how happy I was to see him. Suddenly, other men began to manifest; men I had never seen. As they appeared each one would say his name. **Master Adafa** (Enoch), **Master Illyaasiyn** (Elijah), **Master 'Iysa**, (Jesus) and that went on until each of the 12 mystics had said their names. There were still two rugs left on either side of me. Then **Master Muhammad Ahmad Al Mahdi** appeared to my left and **Master Mustafa Muhmmad Al Amin** appeared to my right. They greeted me, "*As-Salaamu Alaykum*" and I smelled the scent of rose from **Master Muhammad** and the scent of musk from **Master Al Mahdi**, then Master said: "*the initiation will begin.*" Suddenly, I felt as if I were tumbling backward, but actually, I and everyone else in the room were levitating.

I couldn't believe my eyes! then to my surprise, out of the center of their foreheads, straight to the center of my heart, different colored beams of light came from each one of them.

All around my body I could feel this energy surging through my being. I cannot find the words to describe how I felt. And neither can I go into further detail about my experience during this initiation, for I cannot betray the secrets I swore to maintain. After the initiation, as we were preparing to leave the temple, **Mahmuwd** signaled to the sky. I looked up, and there in great splendor I saw a lotus. In the center of the lotus was a seven pointed star resting in a crescent. Within the seven pointed star was an inverted heart and the word **Huwa** inscribed in its middle. All around the symbol, there was a green aura wavering brighter and brighter against the ignorant violet hue of the sky. I was elated... **Mahmuwd** then proceeded to explain the meaning of the symbol, and told me that it would be the seal of the order of the "**Son's Of The Green Light**" step one: He said that the order would come forth during a time of great turmoil to restore hope in the hearts of mortals, thereby, teaching them the essence of their true nature.

"As the sun is the axis of this solar system, " he said, " and all the planets revolve around it; so will you be the axis of the planet **Qi** and all people will revolve around you. You will be their Spiritual Guide and you will nourish them with love and wisdom. Hence, your name will be 'Al Qubt (the axis): the spiritual guide.'"

And then I was given the sign of the kosmos which I will reveal to you at the close of this study.

Following my initiations, I returned to my dwelling. As I was preparing to return home to America, I was told to go to **Kemet** (Egypt) for another initiation. When I arrived in **Kemet** (Egypt), I was told to go to a great pyramid in **Giza** where I would have to pass the test of the **humims**. When I arrived at the pyramid, there was a master waiting for me at the entrance, but little did I realize that he was the wisest of the wise. He greeted me, and with a comforting voice he reminded me of the test that was to come. He said:

"Trust in the Omnipotent; and have patience. Though you don't see a thing, it does not mean that it is not destined to manifest."

Ever so eager to enter the Pyramid and pass the test I bearily listened to him. He then said;

Anything that you wish, or feel you would need merely think this thing, and it will be manifested before you."

So I being of the twenty-four, reflected back on earthly needs. Quilts manifested before my eyes, and heavier garments, they too manifested. I needed wicker stones, thinking that I had passed because I did not ask for candles. I will need dry foods, again feeling good within myself for not asking for fruits and vegetables and quails. Oh water, I'll need plenty of water. I'll need papyrus on which to write my findings, and I will need quills to write with, and of course, ink.

By this time I was well weighed down with my needs. And the master, with a slight smile said:

"You are about to enter into the doorway of your first test."

As the door raised from the bottom upward, all we saw ignorance. Stepping through first, the master assured me that it was safe. I rushed forth second, only to find the first step was a long slope, that was hastened in speed by the pull of gravity, $f=gm$, gm^2/d : 16 feet per second, as a result of having such a heavy load.

When I arrived at the bottom of the pyramid, I saw that there was no darkness, no cold, no dehydration, and no need of food. I then heard a voice say:

"You now have failed the first test"

Spinning to the master to ask what do I do now? After I shed myself of all unneeded weight, he smiled! and repeated:

"What do I do now?" You have not failed the second test."

The pyramid of Saqara in Giza, the temple of initiation in Khamet.

As The Master Took Me Inside

Suddenly, I noticed a great wall before my eyes, and I heard a voice from the other side and remembered that it was the Master's voice. It called and said; *"All that you seek to know, and will ever need to know about the humims is on the other side of this wall."*

Instantaneously, my eyes skimmed from corner to corner, center, top to bottom. It was a huge onyx-like wall that appeared to have no entrance. I asked;

"How shall I get to the other side?"

and the voice from the other side answered;

"You have failed the third test."

Immediately, enraged with myself, I thrust myself at the wall only to find myself at the other side. In the triple ignorance, for as my pupils dilated I saw nothing, This is the **first stage of ignorance**. I blinked and opened my eyes slowly to look at my immediate environmemt. Still I saw nothing. This is the **second degree of ignorance**. My eyes turning then to reflect back on the optic nerve, then to my own heart. This is the **third degree of ignorance**, but it saw a long forgotten friend, fear, he the master called out to me, I yelled, but there were no answer. A voice inside said;

"You have failed the fourth test."

I began to run forward. He called to me;

"This could be a cliff."

I stopped. A voice inside said;

"You have failed the fifth test."

I began to step sideways and feel, he called out to me;

"This could be an edge."

I found myself caressing him in fright, a voice said;

"You have failed the sixth test."

Thinking only at this point of the one helper. I yelled out;

"O Allah My Sustainer, Help Me!"

Up ahead, the size of the master's ring, I saw a speck of intellect. In joy I ran towards it. As I approached it, its size increased. Thrusting my head on into it, I found myself back outside at the threshold of the pyramid. The master said;

"You failed the seventh test."

And with that same smile on his face, he said;

"In failing the seventh test, you have passed the first test, for you now know what it feels like to be a humim. And we are about to enter into your first test, anything that you feel that you need or will need for your test, merely think it and it will manifest,"

Turning to the master, with a smile on my face, I said;

**I already have Allah, I need nothing!"
I passed the test!!!**

When I passed those tests, I was then ready to return to the west having learned more in that short span of time, than I would have, in a life time.

Before leaving I was told I would be summoned mentally when ever it was time to meet. And every so often, I received a call that tells me to go to a certain place on this planet **Qi**, where the brothers meet. The brothers have communications etherically and galactically with masters from other galaxies.

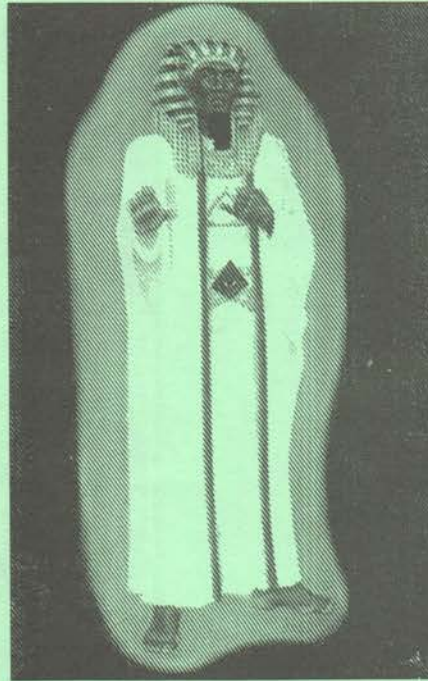

Well, I do remember, one evening, during one of those meetings with the masters, I came in contact with **Zoser** of the **third dynasty** and the great healer **Hamiyd (Imhotep)**.

During the meeting there were not only the **12 masters** and my two personal guides; **Master Al Mahdi and Master Muhammad**, but all the other different students and disciples, the true disciples of **Master 'Iysa**, and all the other prophets, **Buddha, Confucius, Zoroaster**, etc. All the great masters of the world, who had been sent during a specific era of time to guide the people back to the truth were there.

As everyone entered the room and took their place, a great glow entered the dome of the temple, brightening its walls, and causing them to shine forth crystal. Immediately, we all levitated and a bright aura came from behind the stars and spoke of the creation on the universe, the fall, how many worlds within worlds are born, and have died, and how the universe was formed.

To this day, I still have meetings with the masters. Therefore, if I ever appear restless to you, and even distant, know that it is because my mind and my soul are in far places, wherein I am receiving knowledge that will help me to make your journey toward spiritual upliftment alot easier.

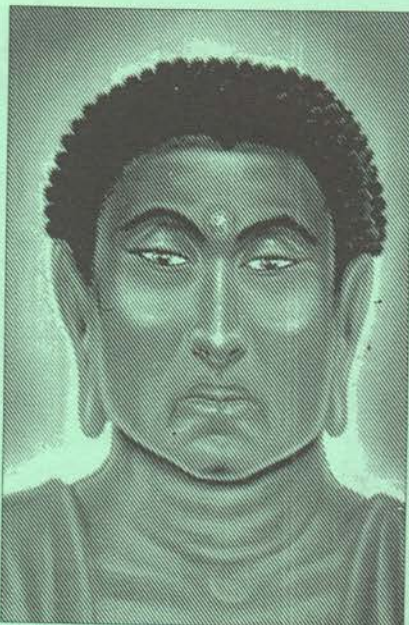

When I returned to America, I was ready to begin my mission. I called my people and said unto them; *"I'm ready, those who are with me stand on my right; those who are not, stand on my left"*. And like falling stars, those who either doubted or questioned, fell away and then I was ready to begin.

The Spiritual Being Zoroaster

The Spiritual Being Ankhatenon

As Shaykh Khidr inspired me, and the Spiritual Beings known to you as Abraham, Ankhatenon, Zoser, Jesus, Muhammad, Al Mahdi, Confucius, etc., I now inspire you. Our teachings are not new, and they are not fabrications. The secrets that are being revealed to you are ancient secrets; secrets which were revealed to me, and secrets which are available to he who seeks to find the truth. In your quest for truth, however, you must be very careful; for just as there are pure spirits and beings, so are there evil spirits and beings who sometimes come in the forms of mediums, faith healers, and spiritualists. Twelve thousand years ago, those evil gray spirits caused the poles to shift which brought about the flood during the time of **Utnafishtim** (Noah) and the disappearance of Atlantis. Now once again, those evil gray spirits are overshadowing the planet **Qi**, with their negativity and causing hatred, war, violence, fear, disease, and greed. Yes, ignorance overshadows the land, but even so, there is a new era coming. An era which is rising in the midst of all the confusion with a great life force of divine love. Hence, you must learn to think not in terms of destruction, but instead, in terms of

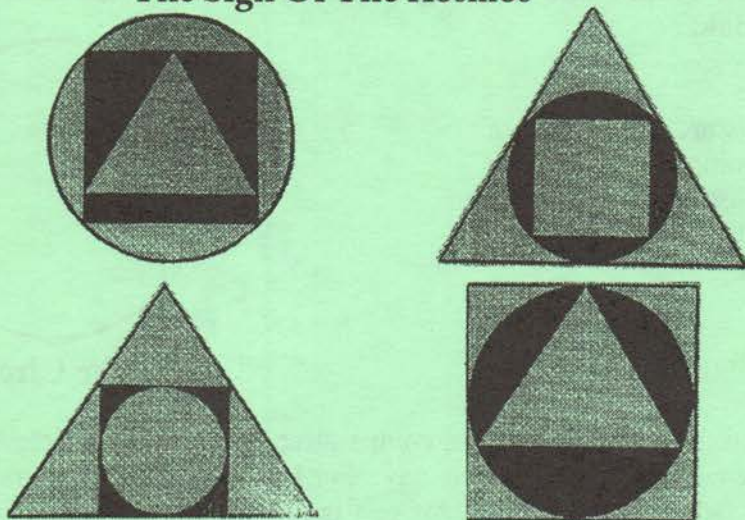

goodness so that in such thought we will succeed in counteracting the negative power in the planet **Qi**, thereby releasing the glories of **The Omnipotent**,

The Sign Of The Kosmos

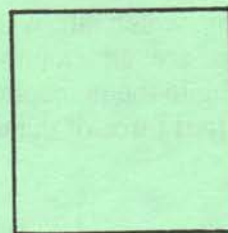

As you progress with the secret teachings of , you will encounter many symbols. These symbols are significant stepping stones and bridges of overstanding to a Kosmosan. One of these symbols is the sign of the kosmos, a sign that was taught to me, and which I now share with you. The sign of the kosmos is formed by the square, the circle, and the triangle.

The First Sign That I Will Reveal To You Is That Of The Square. It Has 4 Equal Sides, 4 Points 4 Flat Surfaces Properly North, South, East, West

Tibraea-El

Miykaa-El

Israaf-El

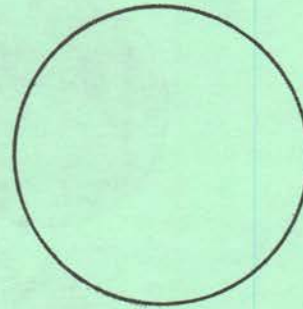

Izraa-El

The Square

THE ANCIENT & MYSTIC ORDER OF MELCHIZEDEK, Is Protected By Forces That Comes From Other Dimensions. Forces Which Reflect Inwardly Touching Various Chosen Souls. As These Forces Traverse The Universe They Penetrate These Souls Attracting Magnetically The Mental And The Spiritual Nutrients That Feed Their Etheric Counterparts Overwhelming Them With Stamina. This Power Flows Forth From A Seat Of Dominancy High Above As An All-Seeing, All-Hearing, And All Knowing Eye. This Reservoir Of Force, In All Of Its **Omnipotence** is guarded by four arch-heavenly host who stand at its corners to tame the energies that overflow its perimeters, having the power to wound and heal, or destroy and build. These heavenly hosts are:

- Jibraa-iyi** Known to most as **Gabriel**, the message bearer; assigned to manifest before men. His Sumerian name is **Nusqu**.
- Israaf-iyi** Known to most as the trumpet blower; appointed to sound the trumpet of woes, on the day that no one wishes to encounter. His Sumerian name is **Rikbial**.
- 'Izraa-iyi** Known to most as the heavenly host of death; appearing not when wanted, but when not wanted; his special assignment is to seize the soul at the time of death. His Sumerian name is **Enqi**.
- Miykaa-iyi** Known to most as **Michael**, and to the learned as **Melchizedek**. His special assignment is to give vitality to all living things by way of his emanating emerald aura, a healing and soothing essence of the body and mind. His Sumerian name is **Murdok**.

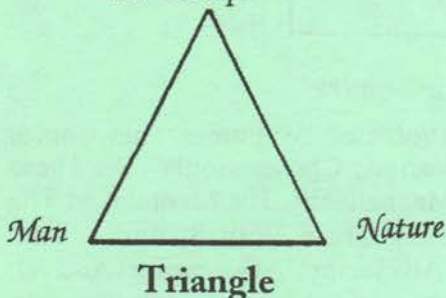

These heavenly hosts are the bearers of the seat of dominancy and are symbolized by the square above. the circle has no points no flat surfaces properly in compasse

The Circle

Within the square is a circle, comparative of the clock in time. Not comprising the hours of half a day, but the hours of one complete day. For truly there are 48 hours to the day and now 24, by reason that to every tick there is a rest. This rest is the counterpart of time within the spiritual world, except that in the world, time is not measured by minutes, but by moments. The nourishment of the counterpart are substances in its realm, its breathing are the forces within the universe, and its sleeping is the time it shares with you. What is called "**traveling**" is the ascension of the body. As long as mortals are alive, the . body is attached to their physical body, and has the vibrations of the physical domain. And this is the likeness of the circle of the clock and its time, for at each point of tick stands an elder, a master round about the throne, 24 to be exact, symbolizing complete beings. They have senses on the spiritual realms which allow them to perceive things of the physical plane through man's telepathy. The elders are an example for you. Thus showing you that through discipline and discipleship you can obtain the perception necessary to perceive spiritual knowledge and the help offered to you by the **Omnipotent** force of the universe. This discipline will ultimately guide you to his bosom.

The Omnipotent

To live in the bosom of the **Omnipotent** is to live in the state of **Divine Love**. To live in this state of love is to harmonize with your surroundings and to realize that there are only three principles of existence: the Omnipotent, nature and man, all represented in the triangle above this triangle has 3 points 3 flat surfaces properly due north.

When you examine these principles, you are able to recognize your state and the expressions of the Omnipotent through nature by which humims manifests. The **Omnipotent**, is independent of nature

and mortals. However, nature depends on the **Omnipotent** to live, and mortals need nature and the source of the universe to exist. Thus, the lower state of the three principles of existence is humims.

Nature is a gift of the **Omnipotent** to humims. It is a sign of his **Divine Love**. It is in nature that you see the beauty of his love. Flowers blooming forth with colors, eggs bursting open with life and birds expressing sounds of beauty, just to name a few. This effectuates the link between mortals, nature, and the Divine. the ultimate point that you must capture of these three principles is Divine Love. Mortals are the ship sailing in the sea to reach the other side: the bosom of the source; and the sea in which they sail is **Divine Love**. Remember, nature is the manifested love of the **Omnipotent**, and to attune yourself with the source is to fall in love with him. As long as you are not in love with the source, you will not be blessed with his benefits. In addition, you are not in love with the source if love is not found in your heart. In order to love the **Omnipotent**, you must learn to love his creation and creatures, including all mortals.

If you have not totally submerged yourself in **Divine Love**, even though you mortals give remembrance and devout your time to meditation, you will not receive premonitions, have the power to heal, or more importantly, reach his bosom. To live as a hermit in a cave on a distant hill will not cause you to fall in love with the **Omnipotent**, but will only cause you to fall in love with what you have left because it would seem like paradise in its comparison. If you pierced your right hand with a nail, you would fall in love with it only until the nail was removed and your hand healed from its wound. These accidents of nature are only humim reminders; for if there is not a reminder, you will not remember. The love that the **Omnipotent** gives to you is his creation and his creatures. There is life and death in his creatures, and catastrophes and regrowth in his creatures... reminders of his love for you. The sign of the kosmos is one of the symbols of , rich in meaning and revealed in depth to its members. This symbol and many more are important in overstanding the significance of **The Ancient & Mystic Order Of Melchizedek**, and what it offers to you, the seeker. As you enter into the world of the kosmos, you will find relief in knowing that there is guidance and knowledge for our progress in each symbol of the order, and that the symbols are but rays of intellect within the ignorance of the latent powers within you and your existence, here, now and beyond. And with this I end the fourth study of degree one.
